MEMORANDUM FOR THE NIO FOR WARNING

SUBJECT: Staffing for the National Warning System (U)

*Dick* (U) Please refer to your draft concept paper, subject as above, dated 2 February 1979. The following changes are recommended:

1. Delete page 11 in its entirety.

Rationale: All information is duplicated elsewhere; page apparently included by mistake.

2. Page 15, fourth item under "Pro" section: Change fifth word to read: participation.

Rationale: Correction of typographical error.

3. Page 13: Add new line item under "Con" section, as follows: Publication of national-level warning report on daily basis significantly increases risk that vehicle will become stereotyped.

Rationale: Consistent with page 6, para 10, second item; and page 13, first item under Pro section of Option B.
